LANGUAGES

- Arabic, Mother tongue
- English, Very Good

SUMMARY

I am a Frontend Developer specialized in building interactive and visually appealing interfaces using Next js, React js, JavaScript, with experience in TypeScript. Familiar with Atomic Design Methodology and tools like styled-components. I possess strong skills in enhancing user experience (UX) and designing flexible, responsive interfaces.

TRAINING EXPERIENCE

- May 2023– Dec 2024: Almdrasa Internship
- It helps me to become a better developer and be able
- to deal and succeed with the global labour market and compete in it with strength and efficiency.
 - Become a Programmer: Foundations -LinkedIn Learning
 - Build Responsive Real-World Websites with HTML and CSS (37h 30m)
 - The Complete JavaScript Course sept: From Almdrasa to Expert (69h)
 - The completed React Developer Course (w/ Hooks and Redux) (48h)

SKILLS

Typescript

React js

Javascript

Redux

Next js

Styled-components

Tailwind Css

HTML5

CSS3 & Sass

Git & Github

Jest

EXPERIENCE

- I collaborated with a team of developers to create responsive and user-friendly web applications using Nuxt.js and Tailwind CSS. My key responsibilities included:
- Developing and implementing new user interface features based on project requirements, utilizing figma for design prototyping.
- Optimizing web applications for maximum speed and scalability.
- Collaborating with back-end developers and designers to ensure seamless integration of frontend elements.
- Troubleshooting and resolving UI/UX issues to enhance user experience.

SOME PROJECTS

• AROUND THE WORLD
